Tasks missed, scheduled for this report

- *6 sketches*
- *Graphics for each sketch*
- *Transition between sketches and user actions to take in a particular screen (described with description bubbles)*

Top 3 unexpected challenges encountered since last report

- *Efficient drawing (take images from Google Images to speed up the process)*
- *Adding features to the game according to the requirements (save/load functions, online gaming)*
- *Keeping the features simple (not overdoing the sketch to have a simple base to start off from)*

Top 3 lessons learned since last report

- *First report, no lessons*
- *Things to do next time:*
 - *Meet in person, not in call*
 - *Listen to everyone’s suggestions*

Contribution statement

- *Dany Stefan contributed 1/6 of the work effectuated since last week.*
